Tallahassee City Commissioner Seat 2

1. Please describe how you have been personally involved in, supported, or been affected by the nonprofit sector. *

The most common way is through churches making donations to help homeless or low income women with children or abused children. Some medical associations are non-profit. The one I'm looking into helping now is MyLaserSystems.com. I have no financial connection but it looks like someone to help people to overcome health challenges.

2. There are over 2,400 nonprofit organizations registered in Tallahassee and they have an economic impact of \$3.1 Billion in Revenue. How do you plan to ensure that the nonprofit sector has a voice in the decisions being made in the commission? *

Listen, evaluate what any nonprofit asking for aid need or their affect might be. Make it easier to get a business started in Tallahassee.

3. How would you use the nonprofit sector to advance the vitality of our community? *

See answer 2.

4. What suggestions do you have to improve the financial deficit that exists among nonprofits to serve the needs of our community? *

Look at needs & see if any city policies changes would help.

5. 1 in 10 jobs in Tallahassee are in the nonprofit sector. If our community is concerned about retaining and attracting talent, how would you encourage government leaders to assist in growing the workforce in the social sector? *

Same as I would for profit companies. Look for ways to assist them to get started.
